SPA

1. Identificar el código de la parte de la maquina de la cual quiere consultar el despiece de repuestos.
2. Escribir el código en el campo "Código"
3. Pulsar la tecla "Buscar"

The screenshot shows a web interface titled "Catalogue" with a search section. On the left, there is a vertical sidebar with various icons. The main search area is titled "Search material" and contains three input fields: "Product code" (with a placeholder "Select code"), "Description" (with a placeholder "Select description"), and "Material type" (with a dropdown menu currently set to "All"). Below these fields is a checkbox labeled "Search only materials sold on last months". At the bottom of the search area are two buttons: a red "Search" button and a grey "Reset" button. A red circle highlights the "Product code" label, and a red arrow points to the "Search" button.
